

THE LABOR PROBLEM.

Trouble in Railroad Shops at Marshall, Texas—Section Men Quit Work.

GALVESTON, Texas, Oct. 2.—A special from Marshall, Texas, says: A strike occurred at the railroad shops here today. It grew out of the restoration of Foreman Rogers and the failure to restore the men discharged at the time of the difficulty two weeks ago. The Knights of Labor held a meeting today and passed a resolution demanding the restoration of the discharged workmen and the dismissal of Rogers. A committee has waited upon the Superintendent, and he will be present at the meeting of the Knights today, for the purpose of adjusting matters amicably. The men refuse to work if Rogers is reinstated.

Mexican Section Men Strike.

GALVESTON, Texas, Oct. 2.—A special from Laredo says: A rumor is current here that the section men on the Mexican National Railroad between Laredo and San Antonio have struck on account of their wages being reduced from 75 to 50 cents per day. Much curiosity is manifested as to how the Mexicans will conduct the strike.

Special Civil Service Rule.

WASHINGTON, Oct. 2.—The President has issued the following special rule for the regulation and improvement of the civil service: Special rule No. 2, approved July 18, 1894, is hereby revoked. All applicants on any register for postal or custom service who, on the first day of November next, shall have been thereon one year or more shall, in conformity with rule 16, be no longer eligible for appointment from such registers.

The special rule which is now revoked, provided that the names of those persons on the register eligible for appointment prior to July 16, 1894, should not be taken off for a year from date, from being entered thereon, but should remain on the registers as eligible for appointment for two years from that date without further examination or notice.

Ignored by the Grand Jury.

CHICAGO, Oct. 2.—The case of Jasper E. Sweet, who shot and killed Dr. Waugh, on September 12, for alleged improper intimacy with his wife, has been entirely ignored by the Grand Jury. During the progress of the investigation a number of witnesses were examined and the anti-mortem statement of the murdered man read. It is said it is owing to the character of the admissions made in those that the jury refused to act. Dr. Sweet acknowledged having shot Waugh, but expressed no fear of the result. He has been released from jail. Waugh died last Sunday after intense suffering. Sweet's wife was an invalid at the time of the alleged assault by Waugh.

Latest News From Montreal.

MONTREAL, Oct. 2.—Owing to the precautions taken by the Mayor, the city last night was quiet and the streets almost deserted. Three companies of garrison artillery were under arms at the Exposition buildings, with troops of cavalry doing patrol duty outside. One hundred constables were on hand at the Central Police station. The Chairman of the Board of Health stated last night that the Mayor had been arrested at the instance of Louis Babin, for taking forcible possession of the exhibition grounds for a small-pox hospital.

Prize Fight Ends in a Row.

PITTSBURG, Oct. 2.—James Donnelly, of New York, and Edward Berry, of New Haven, Conn., fought a desperate four-round fight this morning in a ring pitched in a narrow curve in Beck's Run, five miles from here. The fight was for \$250 a side, London prize rules. The whole affair was projected in secrecy, and only about thirty persons were present. Berry forced the fighting from the start, and was punishing Donnelly severely when pepper was thrown in his eyes by Donnelly's friends, entirely blinding him. His seconds raised the claim of foul, which was allowed by the referee, and the affair broke up in a general row.

Extension of Territory Demanded.

NASSA, Oct. 2.—The meeting at Staupetes, China, yesterday, has resulted in Serbia demanding an extension of territory. The populace are clamoring for the annexation of Macedonia, probably owing to the large army which Serbia has in the field. She will speedily seize contiguous territory, thus making more difficult a solution of the Balkan question.

Negro Ravisher Captured.

NEW LONDON, Mo., Oct. 2.—King, the negro ravisher, who had been pursued for a week by a mob near this place, was cornered in a corn field a few miles from this town last night. He was shot twice, but not seriously hurt. There is great excitement, and it is not probable that an attempt will be made to lynch him.

PUBLISHED BY
PIERCE & HARDY,
SUBSCRIPTION PRICE:

One year, \$3.00.
THE STOCK GROWER is edited by practical men, and is the only publication in Colorado, New Mexico, Texas and Arizona devoted exclusively to the range cattle interests. It is unique in style and matter, indispensable to the ranchman, and has a large circulation from Denver to the Gulf of Mexico. The STOCK GROWER is an eighteen-page, seventy-two column paper, and its entire pieces of cattle brands is a remarkable feature, such brands being inserted by cattle owners to facilitate the recovery of estrayed stock which drift with the storms of winter north or south; and this explains why the STOCK GROWER circulates so largely in sections of the Union where cattle on the range is a feature.

The publishers of the STOCK GROWER have fitted up commodious rooms at Las Vegas as a Customers' Headquarters, and all stockmen are cordially invited and have access to the rooms at all hours. Arrangements are being consummated for the establishment of branch offices in every town in New Mexico.

CAMELLINE
—FOR—
PRESERVING AND BEAUTIFYING THE COMPLEXION.

Originally a California discovery, CAMELLINE has, wherever known, rapidly superseded the "Creams," "Blancs" and "Powders" for the reason that in place of the unnatural hue thus obtained, it imparts to the complexion that youthful and glowing appearance so much sought and admired; and, unlike them, when properly used, the closest inspection fails to reveal any application; yet all traces of sallowness and other cutaneous defects are removed, and the skin is left that natural and healthy color so rarely possessed by adults, but so valued by every lady, and so quickly missed by observers of sterner mind.

It is an evidence of the increasing intelligence of the times, that the popularity of CAMELLINE is not due solely to its elegance and efficiency, but in part to the fact that it is the only preparation for the complexion which is harmless, and commands scientific approval from physicians. It is now generally known that cosmetics usually contain lead, mercury and other poisons, which in time ruin the complexion, and, being absorbed through the skin, frequently produce paralysis, etc., while the medical journals report many serious and several fatal cases of poisoning from these sources. No lady, therefore, can safely continue the use of any cosmetic without the sanction of the medical profession; we therefore publish the following certificate from a large number of prominent physicians:

"The undersigned physicians of San Francisco are familiar with the composition of the principal articles used for the complexion, and certify that CAMELLINE is harmless and free from all impurities or poisonous substances."

"H. H. Toland, M. D., Dean Toland Medical College; George F. Cooper, M. D., Medical Director U. S. A.; J. C. Shorb, M. D., Member Board of Health; Isaac S. Titus, M. D., Superintendent Physician City and County Hospital; J. L. Meary, M. D., Health Officer; L. C. Lane, M. D., R. A. McLean, M. D., Chas. B. Reighart, M. D., Benj. J. Dean, M. D., Henry Gibbons, Jr., M. D., J. J. Clark, M. D., W. H. Bruner, M. D., A. M. Loryea, M. D., Cephas L. Rand, M. D., Harry L. Simat, M. D., J. H. Stallard, M. D., Charles McQuestion, M. D., Chas. C. Keeney, M. D., Geo. H. Powers, M. D., Benj. R. Swan, M. D., L. L. Door, M. D., Jas. W. Keeney, M. D., Gustav Holland, M. D., Samuel W. Dennis, M. D., J. M. McNulty, M. D., James O. Shafter, M. D., Wm. Carman, M. D., Washington Ayer, M. D., Thomas Bennett, M. D., Wm. Hammond, M. D., W. F. McNutt, M. D., A. J. Bowie, M. D., F. A. Holman, M. D., J. D. Roseberry, M. D., J. D. Whitney, M. D., Thomas Boyson, M. D., C. G. Kenyon, M. D., Thomas Price, M. D., H. Gibbons, M. D."

It being our policy to be always watchful for any improvement which may be of value to our patrons, we now take pleasure in adding our testimony to the merits of CAMELLINE for preserving and beautifying the complexion. CAMELLINE, as prepared by WAKELER & CO., the principal Chemists of San Francisco, was observed by our senior partner while recently in California. It is the only liquid for the complexion, having the sanction of the medical profession as harmless, while it is surprisingly effective for the purpose intended.

Faithfully yours,

It is well known that many who consider the liquid preparations for the complexion to be more suitable than the powders, are deterred from using the former by the fear that all contain lead, mercury or some other poison.

CAMELLINE, for the complexion, prepared by Messrs. Wakeler & Co., the leading Chemists of San Francisco, is the only article for the complexion which is at once efficacious, and is certified by high medical and chemical authority to be harmless and free from poisons.

We therefore take pleasure in stating that we now keep the CAMELLINE in stock, convinced that it merits the favor it has obtained wherever known.

While we consider this high scientific testimony to be of the first importance, yet did space permit, we would add the names of many distinguished ladies in the dramatic profession who testify to the superiority of CAMELLINE.

Emma Nevada, Etelka Gerster, Adeline Patti,
Mary Anderson, Mrs. Scott Siddons, Clara Louise Kellogg,
Fanny Janauschek, Alice Oates, Sarah Jewett,
Fanny Davenport, Jessie Vokes, And Others.

PALACE HOTEL, San Francisco, March 2, 1895.
MESSRS. WAKELER & CO.—Gentlemen: Madame Patti desires to transmit her warmest thanks for your present of CAMELLINE, of which she had heard from many lady friends. She will now have to repeat the praise of your CAMELLINE heard from all sides.

Madame Patti also desires to send you her best compliments.

ADRIANA PATTI.

We have, in addition, in our possession, many letters from well known society ladies, all of whom agree in testifying to the merits of CAMELLINE; but these may well be omitted, as a single trial is only necessary to convince.

DIRECTIONS.
FOR THE COMPLEXION.—Select either the flesh colored or white Camelline, as preferred, and after well shaking the bottle, apply it uniformly to the skin with a soft piece of linen or a small sponge, gently rubbing it all day.

FOR SKIN.—Apply twice a day until relieved.
